

A BIG SALE IN WASHOE

Mining Man Purchases Independent Mine for \$5,000

Another big sale was recorded in the Washoe district Friday, when the independent mine was disposed of for a consideration of \$5,000 to J. George Krinkman, a capitalist of Great Bend, Kansas. The sale was made by Mrs. A. A. Harris of Virginia City. The new owner will at once begin active development of the property, which is said to be one of the most promising claims in the district. The Washoe district is rapidly coming to the front as one of the most important camps of the State. Many years ago that section of the country was the scene of much activity, and several fortunes have been taken from the mine of the district. Washoe City, now an abandoned town consisting of a few tumbledown houses, was once one of the largest cities in the State. From present indications the old town is destined to take another boom and again become one of the important camps of the State.—Reno Journal.

HELD FOR MURDER

Sherman Bryan is Held For Murder Without Bonds

RENO, May 14.—Sherman Bryan has been held to await the action of the grand jury of Washoe county to investigate the charge of the murder of Daniel Casey, which is placed against him by District Attorney Craig.

The preliminary examination was held in the court of Judge Bell, justice of the peace for Reno township. The defendant was represented by his counsel, Messrs. Husky and Lewers. The prisoner was remanded to jail without bonds on the charge of murder.

Shipping Rich Ore

The Nevada Hills company of Fairview has made a substantial shipment. Recently 50 sacks of ore, averaging \$500 per ton, was sacked from an open cut on the west end of the great ledge running through the property of the above company, and which ledge has been opened up at the various intervals for 1500 feet, disclosing ore in shipping value and quantities throughout its entire length. A short road is being constructed to the mine and as soon as completed, extensive shipments will be made. The Nevada Hills property promises to be one of the great mines of Nevada. The stock was put on the market at a dollar a share and within a few days rose to \$1.75 bid, with little or no stock offered. It is perhaps the only stock put out in Nevada for some time that sold on the flotation at par.—Churchill Standard.

Death of Mrs. Cochran

Mrs. Francis Cochran, widow of the late Jack Cochran, died at her residence in this city late Saturday afternoon.

She had been seriously ill for several weeks, and in fact her health has been failing the past two years.

The lady had been a resident in this city for a quarter of a century and during that time acts of charity were performed by her. She was liberal hearted to a fault and no one in distress ever had to appeal to her as the donations came without solicitation. Many will miss her kindly actions.

The funeral took place this afternoon from the late residence, which was private.

Decedent leaves one sister in this city, Mrs. C. W. Friend.

Enterprising Papers

The Carson News and the Reno Gazette now have special correspondents in many camps in Nevada. The Yerington correspondent, however, seems to be asleep, as he never gets any news into those papers until after the Times is published every Saturday morning. We do not mean to insinuate that the News and Gazette are d—n thieves, but their correspondent is d—n slow.—Dayton Times.

Houlder Hudgins, has purchased the stock of the White Pine News Company and is now the president of the company and editor of the paper, with Allen C. Bragg as associate editor.

Several Mergenthaler linotype machines were saved from ruin in the San Francisco fire by burying the most delicate parts of the mechanism.

PLEA FROM THE FAIR SEX

Is Carson Really Becoming An Adamless Eden

Editor Appeal:—I desire to address you upon a matter which is well worth your serious attention.

Did it ever occur to you that there are more than one hundred marriageable young ladies in this city and not a dozen marriageable men.

I think if you will investigate the situation you will readily agree with me.

The question arises whether or not anything can be done to adjust this rather lamentable condition of affairs.

I say "lamentable" for I am one of those women who think it lamentable that so many girls in a city like Carson should be compelled to go through life without husbands.

I think it a shame that such a beautiful city should continue to be a sort of "Adamless Eden."

I think possibly the Appeal might give publicity to this fact and let the world know that there are so many young ladies in this city who would look favorably upon the influx of young male population to the Capitol.

I was discussing this question with some of my girl friends recently and we all took the same view of the matter.

Of course I know that when a young woman openly announces that she wants a husband that she is laughed at and so I suppose we are expected to keep quiet.

I don't care to sign my name but I can say that I know scores of young ladies of my acquaintance and I think I can safely say that if they had a fairly good offer of marriage that they would not be half a minute answering in the affirmative. Please give this matter fair consideration in your columns and spread the news to the outer world.

A Carson Young Lady

The above seems to bear all the marks of sincerity. The Appeal agrees with its fair correspondent on the inequality of the sexes in Carson and will be only too glad to acquaint the outside world of the peculiar and undesirable state of affairs here. To help along the good work this paper will print all matrimonial advertisements free of charge from this on.

The Appeal invites public discussion on this subject and will do all in its power to smooth out the wrinkles in the situation while it invites the co-operation of every body.

A contract has been let for the construction of the left wing of the Riverside Hotel at Reno. The improvements will cost \$50,000.

Hank Smith, formerly superintendent of the Crown Point mine in Gold Hill, tells the Goldview Review that his \$50,000 home in San Francisco was destroyed by the fire there.

FROM BUCKSKIN

New Town Building Rapidly, Mines Looking Good

The Lyon County Times, contains the following regarding the new town of Buckskin:

Three carloads of lumber the due to arrive in the camp, and soon some real building will be done.

J. C. Snyder, is conducting a logging house and hauling water to camp from the Delphia artesian wells.

Doc Hironymous, has established feed corral in camp and has begun the construction of a telephone line to Yerington.

W. C. Pitt, has been in camp this week, and is making arrangements to get water in from Spring Gulch. A well is also being sunk.

A Mr. Benham, has purchased the Ajax group of claims south of town. The consideration has not been learned, but it is well up in the thousands.

Three stages now come into camp two from Yerington and one from Wabuska. The mail arrives daily and application has been made for a post-office.

Several good strikes have been made in the new camp during the week by men doing holding work on their claims. On the Iron King three-quarters of a mile north of camp, a big ledge of good ore has been encountered. On the Red Top No. 3 the ore in the ledge is richer as depth is attained. Messrs. McLaughlin and Burke have made a good strike one mile north of the camp and this extends the mining district.

Notice Warrens

A meeting will be held on Tuesday evening May 15, 1906, at the Warren Engine house for the election of officers for the ensuing year. All members of the organization are requested to be present.

By Order of the President.

Ore Shipments

The ore shipments over the Tonopah Railroad for the week ending Thursday night, as reported by the Western Ore Purchasing Company, aggregated 2,770 tons, divided as follows: From Tonopah—Tonopah Company, 1,350 tons; Belmont, 393 tons; Montana-Tonopah, 113 tons; Midway, 101 tons; MacNamara, 25 tons; North Star, 31 tons; From Goldfield—205 tons. From Manhattan—22 tons. Sundry—15 tons.

The Extension made no shipments this week, the mine being closed down until the new hoist is installed.

It is reported the Nevada Central Company will put on another train commencing next Monday. This is due to the travel to Manhattan by way of Austin.

Charles Stanton, who shot and killed Victor Ellis near Wadsworth, has been exonerated by the Coroner's jury.

THE FIREMANS FUND OF S. F.

The Co. Backed By An Additional Million and Will Continue

The following to Insurance Commissioner Davis indicates that the Firemans Fund Insurance Company of California is perfectly solvent.

"Fireman's Fund directors and stockholders have decided to organize a new Company to be known as Fireman's Fund Insurance Corporation with one million capital and one million surplus and to assume all business written from date of San Francisco fire. Old company abundantly able to meet all outstanding losses and every obligation, and we can positively assure you there need be no concern as to the future. Continue business as heretofore."

W. I. Dutton, President.

Union Insurance Co. of Philadelphia This company announces that its entire liability in the San Francisco disaster has been assumed by a syndicate of its stockholders as re-insurers and that its condition will remain the same as before the San Francisco conflagration.

Its net loss in San Francisco is estimated at from \$129,000, to \$140,000. On January 1, 1905, its net surplus amounted to \$151,334. Its capital is \$200,000.

Heavy Winds

Carson was visited by a heavy wind storm this afternoon. For a while it assumed a velocity of about forty miles an hour.

A good many trees suffered loss of branches and several were blown down. The largest tree that was leveled was the one at the north east corner of the Arlington. It was several feet through and luckily fell at a time when no one was passing near it.

Senator Miller Improving

A letter received in this city from Senator Miller is of the most encouraging nature. The Senator went to San Francisco in quest of medical help and was operated on at the Lane Hospital two days before the great fire. He was moved to the Presidio Hospital when the hospital was threatened, but the moving has had no bad effect. He is again at Lanes Hospital and improving every day, which is good news to his many friends here.

Mr. Miller, has suffered for years from the effect of wounds received during the Civil War, and the operation was necessary in order to remove the old wounds and restore him to health.

Reported Strike

Word was received in this city yesterday stating that an important strike has been made in the Pittsburgh claim in Masonic district.

The parties owning the property have been working steadily during the winter. In running the crosscut a ledge twenty feet wide has been cut and high values are obtained throughout.

This strike is of particular importance to the people of this city as many are interested in adjoining claims. Masonic has all the appearance of one of the best districts in the west and a rush is expected to follow the late developments. The new find will rush work by other parties and a great deal of the material comes from this city.

The night telegraph office at Thorn, on the Nevada California railroad has been discontinued.

Divorce proceedings were filed in Reno Friday by Antone Baroni against Angelina Baroni. The complainant alleges desertion.

A rush is on from Goldfield to Hot Creek, 100 miles distant, where flattering ore discoveries are reported.

Robert Shafter has been placed under \$2,000 bonds to answer to the charge of assault with intent to kill G. C. Cpollins of Caliente, Lincoln county.

Frank McClough who has been dangerously ill is on the road to recovery.

Mrs. Em' Petersen, who has been suffering with pneumonia, is rapidly improving.

Meyers Mercantile Company have improved the front of the store with a coat of paint. Improvements are in evidence all along the line.

Mrs. Harry Rice, who has been dangerously ill is slowly improving. Seventy five teams and over a hundred and fifty men are now employed on the new piece of railroad leading to Fairview.

does not include footwear in the possibilities...With our large and varied line of Fall shoes of every description, the foot does not need to hunt for a shoe to fit it. The shoe you need is right here in our store. Give us the style you desire, number and width, and the rest is easy.

Ed. Burlington's Exclusive Shoe St

Here's a Tip Worth Taking

Next time you need clothes, remember that garments made to your order by the so-much-talked-about International Tailoring Co., of New York, Chicago and San Francisco, costs no more than ordinary ready-mades of the better grades.

And when you see what perfect-fitting, stylishly-cut, finely-finished garments they turn out for comparatively so little money, you'll wonder how any man can buy ready-made clothes instead of having this famous firm, the largest custom tailoring concern in the world, make them to measure for him.

WE REPRESENT THE INTERNATIONAL TAILORING CO.

because we know how reliable they are and how successfully they meet our customers' wishes.
